- Please check ☒ the box below and fill in the necessary information if you wish to use a wireless LAN in your booth.  
If you want to outsource the construction of a wireless LAN environment, contact Kissei Comtec.

Type of standard	Channel to be used	SSID to be used
<input type="checkbox"/> 2.4GHz (IEEE802.11b/g/n)		
<input type="checkbox"/> 5GHz (IEEE802.11a/n)		

- Notes: 1. When exhibitors plan to use equipment compliant with the IEEE802.11a/n or IEEE802.11b/g/n standards, they must submit the application.  
2. Wireless LAN devices and Internet connection must be arranged by exhibitors.  
3. To minimize radio wave interference, do not use wireless LAN for any purpose other than product demonstration.  
4. The wireless LAN may slow down or become disconnected for some reason. Exhibitors should consider this possibility when preparing their product demonstrations and related documents.  
5. The 5 GHz band (W53/W56 of IEEE802.11a) is less congested. We recommend that exhibitors use devices compliant with the IEEE802.11a/n standards and avoid 2.4 GHz devices (compliant with the IEEE802.11b/g standards).  
6. If neighboring booths plan to use the same channel, the Management Office will ask either or all to use different channels. For this reason, the Management Office does not guarantee that every exhibitor can use the channel specified in the application.  
7. We recommend using Internet access services, not mobile routers.  
8. Communication connection is not guaranteed.  
9. An explanation of wireless LAN channels will be provided to exhibitors one week before the exhibition begins.

## Application for News Center Information Distribution

02-2 1

Submit to: ●●● Japan Electronics Show Association ●●● E-mail: 2016newscenter@mls.ceatec.com

Contact: Japan Electronics Show Association

5F., Ote Center Bldg. 1-1-3, Otemachi, Chiyoda-ku, Tokyo Tel: +81-3-6212-5233 Fax: +81-3-6212-5226

Accept anytime

■ Online submission is available on the CEATEC JAPAN Website: [www.ceatec.com](http://www.ceatec.com)

■ Name of the product or technology you would like to promote at CEATEC JAPAN 2016 (tentative name accepted)

--

■ Summary of special characteristics of the product/technology

- ★ If it is difficult to summarize the characteristics, you may leave this field blank. The News Center will contact you later to discuss the summary contents.
- ★ Please be concise, yet as specific as possible to speed up the planning process. Useful information would include differences from existing / competitors' product / technology, benefits (or improvements), purpose or application (from the end user's point of view), and the approximate development time.

--

■ Date when information can be made publicly available (if it is currently confidential)

--

■ Coverage schedule (if you have a request for the date / time of coverage by the News Center)
